

# Sweet and Mellow S'MORES Bar Catering Information:

## HOW IT WORKS

We come to your event and set up a beautiful display table keeping in mind your event's decor and theme. The s'mores bar table work as an assembly line- with the help of servers, guests first choose their base cookie. Next guests choose one of our large homemade marshmallows that are beautifully displayed with different colors and flavors on a tall-tiered cake stand. Then our servers torch the marshmallows on the spot using a wooden fork and a small pastry torch and serve the warm toasted marshmallow in a dessert cup. Finally, we top the marshmallow with a drizzle of our house made sauces and allow guests to add their own crunchy toppings to make the most unique, fancy and tastiest s'more they have ever had!

## MENUS AND FLAVORS

For parties of 50+ our menu includes:

Cookie bases: Homemade Spiced Graham Cracker Crumble

*++Belgium Waffle Crisps*

Our marshmallows are sure to impress with our unique flavors: Pistachio, Almond Amaretto, Mint, Vanilla Bean and Brown Sugar Cinnamon

*++ Raspberry, Cardamom, Banana Cream, Cappuccino*

Homemade Sauces include: Salted Caramel, Dark Chocolate Kahlua,

*++Milk chocolate, White Chocolate Ganache, Peanut Butter Sauce and Nutella Ganache*

Toppings: Toasted Coconut, Cookie Crumbs, Toasted Almonds,

*++ Espresso Hazelnuts, Spicy Candied Pecan, Salted English Toffee*

*(++All additional flavor options can be added for \$10 per 50 people.)*

## PRICING

S'mores bars pricing starts at \$2.50 per person and \$150 an hour for 2 servers.

*It takes 1 minuet for a guest to go through the S'mores bar assembly line. With 2 servers this means we can serve about 120 s'mores per hour. For parties of more than 300 we recommend more than 2 servers to keep the line and waiting time down for your guests. Additional servers are \$75.00 per hour. Typically hosting a s'mores bar for a party of 300 guest comes to about \$3.50-\$5.00 per person. I ask for the per person costs (guests X \$2.50) to be paid a week before the event.*
